Company Description

Through our longstanding EASA Part-CAMO approval we provide excellent and highly flexible CAMO+services to corporate & private clients.

Our CAMO Approval Schedule includes Airworthiness Management and ARC Review on a wide range of business aircraft, including e.g. Bombardier Global Express, Challenger, Learjet, Embraer Legacy, Gulfstream, Dassault Falcon and Pilatus series.

ASB CAMO currently is approved by EASA, Isle of Man, and 2-REG.

APPLYING

Please send your application including cover letter, certificates, and CV (with color photo) by e-mail to careers@airservicebasel.com. All applications will be treated with a high level of confidentiality.
