## New SAMA webpage successfully launched

The change to our new webpage on 4 January 2022 has been completed with success and free of errors or outages, although various links and background services are connected to it.

Despite the smooth changeover, unfortunately not all member accounts could be migrated.

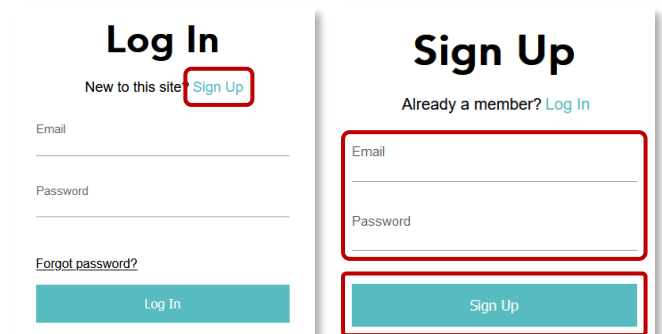

**This means that you have to re-register as a member to access the documents and information that only members are entitled to** (e.g., member contact list, documents on votes, General Assemblies, financial figures or the latest version for EASA Part-CAO/CAMO certification).

**Please carry out the following steps to re-register:**

1. Select «**Log in**» on the homepage
2. Click on «**Sign Up**»
3. Enter your **email address** and choose a **personal password**
4. Complete the registration with «**Sign Up**»

We will authorise and activate your account in the background.

**You will then receive a confirmation email from us.**

We thank you for your understanding and hope you enjoy our new webpage.

With kind regards
