

AAL AG is a medium-sized MRO with headquarters at Altenrhein Airport in Switzerland.

## **We are looking for an experienced EASA B2 (C), Cessna 560XL/XLS (PWC PW545) type rated Engineer.**

### **This challenging position involves:**

- Leading complete aircraft maintenance projects within our EASA Part-145 base maintenance
- High degree of self-responsibility to achieve the project targets and completion of maintenance aircraft documents
- AOG and field repairs
- Technical support during investigations and communication with manufacturers and customers

### **For this position, you are required to have the following skills and background:**

- Aircraft engineer with a valid EASA Part-66 license with C560XL / XLS type rating
- Recent line/base maintenance experience as certifying staff
- Good soft and business skills to lead team members and maintenance projects
- Good knowledge of English (written and spoken), preferable also German

Please send your application to HR **ONLY** if you are eligible to live and work in Switzerland (Swiss or EU passport holder)
